exchange students

Two exchange students, sponsored by the International Fellowship, enrolled at Mark Morris during the second semester of 1975-76.

Christina Gonzalez, from Monterrey, Mexico, is interested in sociology and economics, and plans to attend college on her return to Mexico to pursue these fields.

Christina's father is a cattle rancher, and her mother, an English teacher. Her Longview parents are Mr. and Mrs. Robert Baldwin, and her Longview sister is Becky Hansen, and her brother is Bobby Baldwin.

Christina likes to participate in most sports.

Tereza Azevedo comes to Mark Morris from Rio De Janeiro, Brazil. Because of the difference in seasons, she will have missed her summer vacation when she returns home. She plans to study medicine on her return, and eventually to become a psychiatrist.

Tereza's father is an engineer in two fields, mechanics and electronics, and her mother is a housewife.

She is a talented musician, having studied piano and flute; and plays guitar in a church group. She enjoys playing volleyball and ping-pong.

Her American parents are Mr. and Mrs. Robert D. King.

As I look back on the football season of '75 and reflect on one of the more successful campaigns at Mark Morris, a number of things comes to mind: (1) That in the school's eighteen year history, this team was one of the three ever to win six games in a season; (2) This is the first group of seniors to ever to win two games back to back against R.A.L.; (3) This year's seniors in their two varsity seasons won more games (thirteen) than any other group to ever graduate before them; (4) This is the first group of seniors to graduate and not have a losing in their three years of football.

The season of '75 itself had, I feel, three specific highlights. First was their win over Timberline (35-21), a team that went on and played in the semi-finals of the state play-offs. Second was the win over R.A.L. (6-0) in overtime. Any time you beat R.A.L. it has to be one of the highlights of your season. Third was the football win over Shelton (17-14), the state AA champions of 1974. The score was rather close, but our team really dominated the game, and it was a great "victory".

This football team has certainly contributed to the football tradition here at Mark Morris. Those team members who are of the class of '76 can certainly look back on their three years of football with a great deal of pride and accomplishment. I hope their years of football have been a rewarding and positive experience.

exchange student

"My name is Magda Leonor Jiron. I am 17 years old. My American parents are Rogene and Wallace Moser. I am really happy to have come to America because I found wonderful people. I think to be an exchange student is really a beautiful experience.

In Nicaragua I live in the city of Leon. My family consists of: my parents: Jose Jiron and Angela Cucalon; my sister Maria, who is 19 years old; and my brother Dario, who is 14 years old.

In Nicaragua I graduated from high school in 1974. Before I came here I attended the university for two months and I will continue my studies when I go back. I plan to study Psychology.

I enjoy painting, listening to music, reading, dancing, playing volley-ball, watching T.V. and playing cards."

acknowledgements

We are extremely grateful and indebted to the following:

Ken Donnell, a Portland commercial artist, who "dreamed" up the lion and made the drawings for the division pages.

Advertisers, who, by their support have made it possible to produce the book.

The dedicated members of the staff who put in hours of overtime.

Kevin Davies, Jack Troupe, Mike Sudar and Greg Hooker for fulfilling photo assignments.

Faculty and administration who cooperated in excusing students from class to have their pictures taken.
